1x 1x10 blue plate (shown in inset) is attached to the side of the train car, covering the grey 1x10 plate. The blue plate is secured with a red rubber band.

[illegible]

A side-view diagram of a bus chassis. Callout 04 points to the front engine compartment. Callout 06 points to the rear engine compartment. Callout 11 points to the front suspension area. Callout 14 points to the rear suspension area. The bus body is white with blue and red stripes. The text "國光" (Guoguang) is on the front, and "國光汽車客運公司" (Guoguang Bus Company) is on the side. The model number "FW-580" is visible on the rear.

Diagram of a bus chassis with callouts 04, 06, 11, and 14. The bus is labeled "國光" (Guoguang) and "國光汽車客運公司" (Guoguang Motor Bus Company). The chassis is marked "FW-580".

Diagram of a train car with callouts 08, 13, and 09. Callout 08 points to the top of the car. Callout 13 points to the side of the car. Callout 09 points to the bottom of the car.

A side-view diagram of a Kuo Kuang bus. The bus is white with blue and red stripes. It features the text "FW-580" on the front, the Kuo Kuang logo and name "國光汽車客運公司" on the side, and "國光" on the rear. Five numbered callouts with red arrows point to specific parts: 06 points to the front engine compartment, 07 points to the rear engine compartment, 10 points to the front axle assembly, 03 points to the front suspension, and 02 points to the rear suspension.

A side-view diagram of a Kuo Kuang bus. The bus is white with blue and red stripes. It features the text "FW-580" on the front, the Kuo Kuang logo and name "國光汽車客運公司" on the side, and "國光" on the rear. Five numbered callouts with red arrows point to specific parts: 06 points to the front engine compartment, 07 points to the rear engine compartment, 10 points to the front axle assembly, 03 points to the front suspension, and 02 points to the rear suspension.
